INDEPENDENT AUDITOR'S REPORT

Honorable Mayor and Members
of the Board of Commissioners
Township of Long Beach
County of Ocean
Long Beach, New Jersey

We have audited the accompanying balance sheets - regulatory basis of the various funds and account groups of the Township of Long Beach (the "Township"), as of December 31, 2009 and 2008, the related statements of operations and changes in fund balance - regulatory basis for the years then ended, and the related statements of revenues - regulatory basis and statements of expenditures - regulatory basis of the various funds for the year ended December 31, 2009. These financial statements are the responsibility of the Township's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and in compliance with audit requirements prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey (the "Division"). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

As described more fully in Note 1, the Township prepares its financial statements on a regulatory basis of accounting prescribed by the Division, as required by state statute, that demonstrates compliance with a modified accrual basis of accounting, and the budget laws of New Jersey, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. The effects on the financial statements of the variances between these regulatory accounting practices and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

In our opinion, because of the effects of the matter discussed in the preceding paragraph, the financial statements referred to do not present fairly, in conformity with accounting principles generally accepted in the United States of America, the financial position of the Township as of December 31, 2009 and 2008, the changes in financial position, or, where applicable, its cash flows for the years then ended. Further, the Township has not presented a management's discussion and analysis that accounting principles generally accepted in the United States has determined is necessary to supplement, although not required to be part of, the basic financial statements.

However, in our opinion, the financial statements referred to above present fairly, in all material respects, the financial position - regulatory basis of the various funds and account groups of the Township, as of December 31, 2009 and 2008 and the results of operations and changes in fund balance - regulatory basis of such funds for the years then ended and the statements of revenues - regulatory basis and statements of expenditures - regulatory basis of the various funds for the year ended December 31, 2009 on the basis of accounting described in Note 1.

In accordance with *Government Auditing Standards*, we have also issued our report dated September 24, 2010, on our consideration of the Township's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

Our audit was conducted for the purpose of forming opinions on the financial statements of the Township taken as a whole. The accompanying supplementary schedules, the Schedules of Expenditures of Federal and State Awards, as required by U.S. Office of Management and Budget Circular Letter A-133, *Audits of States, Local Governments and Non-Profit Organizations*, and New Jersey OMB's Circular 04-04, *Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid*, and the comments and recommendations section are presented for purposes of additional analysis and are not a required part of the financial statements, but is required by the Division. The Schedules of Federal and State Awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the financial statements. Such information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the financial statements taken as a whole, on the basis of accounting described in Note 1.

TOWNSHIP OF LONG BEACH - COUNTY OF OCEAN

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED DECEMBER 31, 2009

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Reporting Entity

The financial statements of the Township of Long Beach, County of Ocean, New Jersey (the "Township"), include every board, body, office or commission supported and maintained wholly or in part by funds appropriated by the Township as required by N.J.S. 40A:5-5. The financial statements of the Township do not include the operations of the Board of Education, first aid organization or volunteer fire companies which are subject to separate audits.

The Governmental Accounting Standards Board ("GASB") Statement 14 established criteria to be used to determine which component units should be included in the financial statements of the oversight entity. The criteria differ from the Division of Local Government Services, Department of Community Affairs, State of New Jersey (the "Division") requirements where certain boards, commissions, and agencies of the Township, by statute or other directive, report separately on their financial statements. The Township had no component units during 2009.

B. Descriptions of Funds

The GASB is the recognized standard-setting body for establishing governmental generally accepted accounting and financial reporting principles.

The accounting policies of the Township conform to the accounting principles applicable to municipalities which have been prescribed by the Division. Such principles and practices are designed primarily for determining compliance with legal provisions and budgetary restrictions and as a means of reporting on the stewardship of public officials with respect to public funds. Under this method of accounting, the Township accounts for its financial transactions through the following separate funds which differs from the fund structure required by generally accepted accounting principles ("GAAP"):

Current Fund - revenues and expenditures for governmental operations of a general nature, including federal and state grant funds.

Animal Control Trust Fund - animal license revenues and expenditures.

Trust Other Funds - sundry deposits held for satisfactory completion of specific work; receipts and disbursements for dedicated purposes.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

B. Descriptions of Funds (Continued)

General Capital Fund - resources, including Federal and State Grants in aid of construction, and expenditures for the acquisition of general capital facilities, other than those acquired through the Current Fund, including the status of bonds and notes authorized for said purposes.

Water-Sewer Utility Operating Fund - revenues and expenditures necessary to operate municipally-owned water supply and sewer collection systems from user fees.

Water-Sewer Utility Capital Fund - resources, including Federal and State Grants in aid of construction, and expenditures for the acquisition of water-sewer capital facilities, other than those acquired through the Water-Sewer Utility Operating Fund, including the status of bonds and notes authorized for said purposes.

Payroll Fund - receipt and disbursement for payroll costs and payroll taxes.

General Fixed Assets Account Group - used to account for fixed assets used in general government operations.

C. Basis of Accounting

The accounting principles and practices prescribed for municipalities by the Division differ in certain respects from GAAP applicable to local governmental units. The more significant differences are as follows:

A modified accrual basis of accounting is followed with minor exceptions.

Property Taxes and Other Revenues - property taxes and other revenues are recognized on a cash basis. Receivables for property taxes and other items that are susceptible to accrual are recorded with offsetting reserves on the balance sheet of the Township's Current Fund. GAAP requires such revenue to be recognized in the accounting period when they become susceptible to accrual, reduced by an allowance for doubtful accounts.

Grant Revenues - Federal and State grants, entitlement or shared revenues received for purposes normally financed through the Current Fund are recognized when anticipated in the Township's budget. Federal and State grant revenues received for purposes of capital projects financed by capital ordinances are recognized when received. GAAP requires such revenues to be recognized in the accounting period when they become susceptible to accrual.

Expenditures - unexpended or uncommitted appropriations, at December 31, are reported as expenditures through the establishment of appropriation reserves unless canceled by the governing body. GAAP requires expenditures to be recognized in the accounting period in which the fund liability is incurred, if measurable, except for unmatured interest on general long-term debt, which should be recognized when due.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

C. Basis of Accounting (Continued)

Encumbrances - contractual orders at December 31, are reported as expenditures through the establishment of a reserve for encumbrances. Encumbrances do not constitute expenditures under GAAP.

Appropriation Reserves - are available, until lapsed at the close of the succeeding year, to meet specific claims, commitments or contracts incurred during the preceding year. Lapsed appropriation reserves are recorded as additions to income. Appropriation reserves do not exist under GAAP.

Deferred Charges - the regulatory basis of accounting utilized by the Township requires that certain expenditures be deferred, and raised as items of appropriation in budgets of succeeding years. These deferred charges include the two general categories, overexpenditures and emergency appropriations. Overexpenditures occur when expenditures recorded as "paid or charged" exceed available appropriation balances. Emergency appropriations occur when, subsequent to the adoption of a balanced budget, the governing body authorizes the establishment of additional appropriations based on unforeseen circumstances or for other special purposes as defined by statute. Overexpenditures and emergency appropriations are deducted from total expenditures in the calculation of operating results and are established as assets for Deferred Charges on the respective balance sheets. GAAP does not permit the deferral of overexpenditures to succeeding budgets. In addition, GAAP does not recognize expenditures based on the authorization of an appropriation. Instead, the authorization of special purpose expenditures, such as the preparation of tax maps or revaluation of assessable real property, would represent the designation of fund balance. The status of deferred charges at December 31, 2009 is set forth in Note 9.

Compensated Absences - expenditures relating to obligations for unused vested accumulated vacation and sick pay are not recorded until paid. GAAP requires that the amount which would normally be liquidated with expendable available financial resources be recorded as an expenditure in the Current Fund and the remaining obligations be recorded as a long-term obligation. The expenditures in the Water-Sewer Utility Operating Fund would be on a full accrual basis. The compensated absence liability at December 31, 2009 is set forth in Note 4.

Property Acquired for Taxes - is recorded in the Current Fund at the assessed valuation when such property was acquired and fully reserved. GAAP requires such property to be recorded in the general fixed assets account group at its market value.

Sale of Municipal Assets - Cash proceeds from the sale of Township owned property may be reserved until utilized as an item of anticipated revenue in a subsequent year budget. Year end balances of such proceeds are reported as a cash liability in the Current Fund. GAAP requires that revenue be recognized in the accounting period that the terms of sales contracts become legally enforceable.

Interfunds - advances in the Current Fund are reported as interfund receivables with offsetting reserves which are created by charges to operations. Income is recognized in the year the receivables are liquidated. GAAP does not require the establishment of an offsetting reserve.

Inventories of Supplies - The costs of inventories of supplies for all funds are recorded as expenditures at the time individual items are purchased. The costs of inventories are not included on the various balance sheets. GAAP requires that the cost of inventories be reflected on the balance sheet until utilized and expended.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

C. Basis of Accounting (Continued)

General Fixed Assets - In accordance with the Technical Accounting Directive No. 85-2, Accounting for Governmental Fixed Assets, as promulgated by the Division, which differs in certain respects from GAAP, the Township has developed a fixed assets accounting and reporting system.

Fixed assets used in governmental operations (general fixed assets) are required to be accounted for in the General Fixed Assets Account Group. Public domain (“infrastructure”) general fixed assets consisting of certain improvements other than buildings, such as roads, bridges, curbs and gutters, streets and sidewalks and drainage systems are not capitalized.

GAAP does not require utilization of a general fixed asset account group.

All fixed assets are valued at historical cost or estimated historical cost if actual historical cost is not available.

Depreciation is not recorded in the General Fixed Assets Account Group.

Expenditures for construction in progress are required to be recorded in the Capital Funds until such time as the construction is completed and put into operation.

Fixed assets acquired through grants in aid or contributed capital have not been accounted for separately.

Utility Fixed Assets - Accounting for utility fund “fixed capital” remains unchanged under the Requirements of Technical Accounting Directive No. 85-2.

Property and equipment purchased by the Water-Sewer Utility Fund are recorded in the capital account at cost and are adjusted for disposition and abandonment. The amounts shown do not purport to represent reproduction costs or current value. Contributions in aid of construction are not capitalized. The balance in the Reserve for Amortization and Deferred Reserve for Amortization accounts in the utility capital fund represent charges to operations for the costs of acquisitions of property, equipment and improvements.

Property and equipment of the Water-Sewer Utility Fund are not depreciated. Principal payments for Water-Sewer Utility debt are recorded as expenditures in the Water-Sewer Utility Statement of Operations.

During 2009 the following changes occurred in the fixed assets of the Township:

	Balance Dec. 31, 2008	Expenditures from		Deletions	Adjustments and/or Transfers	Balance Dec. 31, 2009

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

D. Financial Statements

The GASB Codification requires the financial statements of a governmental unit to be presented in accordance with GAAP. The Township presents its financial statements in accordance with another comprehensive basis of accounting as promulgated by the Division which differs from the financial statements required by GAAP. In addition, the Division requires the financial statements to be referenced to the supplementary schedules. This practice differs from GAAP.

E. Budgets and Budgetary Accounting

An annual budget is required to be adopted and integrated into the accounting system to provide budgetary control over revenues and expenditures. Budget amounts presented in the accompanying financial statements represent amounts adopted by the Township and approved by the Division in accordance with applicable statutes.

NOTE 2. CASH AND CASH EQUIVALENTS

A. Deposits

New Jersey statutes permit the deposit of public funds in institutions located in New Jersey which are insured by the Federal Deposit Insurance Corporation ("FDIC"), or by any other agencies of the United States that insure deposits or the State of New Jersey Cash Management Fund.

New Jersey statutes require public depositories to maintain collateral for deposits of public funds that exceed insurance limits as follows:

The market value of the collateral must equal five percent of the average daily balance of public funds; or

If the public funds deposited exceed 75 percent of the funds of the depository, the depository must provide collateral having a market value equal to 100 percent of the amount exceeding 75 percent.

All collateral must be deposited with the Federal Reserve Bank, the Federal Home Loan Bank Board or a banking institution that is a member of the Federal Reserve System and has capital funds of not less than \$25,000,000.

The Township considers certain short-term investments permitted by statute to be cash equivalents if they mature within three months or may be withdrawn in cash upon notice from a pool of eligible investments in a participation arrangement with a bank that meets the insurance and collateral requirements of the statute.

At year-end, the carrying amount of the Township's deposits was \$16,587,820 and the bank balance amount was \$16,732,112. Of this amount \$623,690 was covered by federal depository insurance and a collateral pool under New Jersey's Governmental Unit Deposit Protection Act covered the remaining \$16,108,422.

NOTE 2. CASH AND CASH EQUIVALENTS (CONTINUED)

B. Investments

a. When authorized by a cash management plan approved pursuant to N.J.S. 40A:5-14, the Township may use available funds for the purchase of the following types of securities which, if suitable for registry, may be registered in the name of the Township:

- (1) Bonds or other obligations of the United States or obligations guaranteed by the United States.
- (2) Government money market mutual funds.
- (3) Any obligation that a federal agency or a federal instrumentality has issued in accordance with an act of Congress, which security has a maturity date not greater than 397 days from the date of purchase, provided that such obligation bears a fixed rate of interest not dependent on any index or other external factor.
- (4) Bonds or other obligations of the Township, or bonds or other obligations of school districts of which the Township is a part or within which the school district is located.
- (5) Bonds or other obligations, having a maturity date not more than 397 days from the date of purchase, approved by the Division of Investments, New Jersey Department of the Treasury.
- (6) Municipal investment pools.
- (7) Deposits with the State of New Jersey Cash Management Fund established pursuant to section 1 of P.L. 1977, c. 281; or
- (8) Agreements for the repurchase of fully collateralized securities, if:
 - (a) the underlying securities are permitted investments pursuant to paragraphs (1) and (3) of this section;
 - (b) the custody of collateral is transferred to a third party;
 - (c) the maturity of the agreement is not more than 30 days;
 - (d) the underlying securities are purchased through a public depository as defined in section 1 of P.L. 1970, c. 236 (C.17:9-41);
 - (e) a master repurchase agreement providing for the custody and security of collateral is executed.

b. Any investment instruments in which the security is not physically held by the Township shall be covered by a third party custodial agreement, which shall provide for the designation of such investments in the name of the Township and prevent unauthorized use of such investments.

c. Investments are further regulated and restricted in accordance with N.J.S. 40A:5-15.1.

Other than cash equivalents that would otherwise qualify as investments, except for their maturity or the withdrawal provisions of their deposit, the Township had no investments in qualified securities at December 31, 2009.

NOTE 2. CASH AND CASH EQUIVALENTS (CONTINUED)

C. Cash Management Plan

In accordance with N.J.S. 40A:5-14, every municipality shall adopt a cash management plan and shall deposit and invest its funds pursuant to that plan. The plan shall be approved annually by majority vote of the governing body and may be modified from time to time in order to reflect changes in federal or state law or regulations. The chief financial officer shall be charged with administering the plan.

When an investment in bonds maturing in more than one year is authorized, the maturity of those bonds shall approximate the prospective use of the funds invested.

The plan also requires a monthly report to the governing body summarizing all investments made or redeemed since the previous report and shall include, at a minimum, the specific detailed information as set forth in the statute.

D. Credit Risk Categories

All bank deposits and investments as of the balance sheet date are classified as to credit risk by the following categories described below:

<u>Depository Account</u>	<u>Book Balance</u>	
	<u>2009</u>	<u>2008</u>
Insured:		
FDIC	\$ 623,690	\$ 343,337
GUDPA	16,108,422	7,466,151
United States Government		<u>10,000,000</u>
	<u>\$ 16,732,112</u>	<u>\$ 17,809,488</u>

Custodial Credit Risk - Deposits

Custodial credit risk is the risk that, in the event of a bank failure, the government's deposits may not be returned to it. The Township does not have a formal policy for custodial credit risk.

State law limits investments as noted above.

During the year, the Township had none of its idle funds invested in repurchase agreements collateralized by eligible securities. At the close of the year, no such investments were held by the Township.

NOTE 3. DEBT

The Local Bond Law governs the issuance of bonds and notes to finance general municipal capital and utility capital expenditures. Bonds are retired in serial installments within the statutory period of usefulness. Bonds issued by the Township are general obligation bonds, backed by the full, faith and credit of the Township. Bond anticipation notes are issued to temporarily finance capital projects, prior to the issuance of serial bonds. The term of the notes cannot exceed one year but the notes may be renewed from time to time for a period not exceeding one year. All such notes must be paid no later than the tenth anniversary of the date of the original note. The State of New Jersey also prescribes that on or before the third anniversary date of the original note a payment of at least equal to the first legally payable installment of the bonds in anticipation of which such notes were issued be paid. A second legal installment must be paid if the notes are to be renewed beyond the fourth anniversary date of the original issuance and so on. Tax anticipation notes are issued if the cash on hand is not sufficient to carry on normal operations of the municipality at any time during the year. Such notes are authorized by a resolution adopted by the governing body.

A. Long-Term Debt

The Township's long-term debt is summarized as follows:

C. Bonds and Notes Authorized but not Issued

At December 31, 2009 the Township had authorized but not issued bonds and notes as follows:

General Capital Fund	\$ 1,827,971
Water-Sewer Utility Capital Fund	5,487,240

D. Borrowing Power

New Jersey statutes limit the debt of a municipality to 3.5% of the average of the last three preceding years equalized valuations of the taxable real estate and improvements. The Township's statutory net debt at December 31, 2009 was .11%. The Township's remaining borrower power is 3.39%.

The summary of municipal debt for the last three years and the calculation of statutory net debt is presented in the Supplementary Data section of this report.

E. Summary of Debt Activity

During 2009 the following changes occurred in the outstanding debt of the Township:

	<u>Balance Dec. 31, 2008</u>	<u>Issued</u>	<u>Retired</u>	<u>Balance Dec. 31, 2009</u>

NOTE 4. ACCRUED SICK AND VACATION BENEFITS

As discussed in Note 1 and in accordance with accounting principles prescribed by the State of New Jersey, the cash basis of accounting is followed for recording the Township's liability related to unused vacation and sick pay. The Township permits certain employees within limits to accumulate unused vacation and sick pay, which may be taken as time off or paid at a later date at an agreed upon rate. The estimated current cost of such unpaid compensation approximates \$1,071,030 at December 31, 2009. In accordance with New Jersey accounting principles this amount is not reported as an expenditure or liability in the accompanying financial statements. Total funds reserved as of the end of 2009 were \$243,109. The 2010 budget contained an appropriation in the amount of \$150,000 towards the funding of this liability.

NOTE 5. FUND BALANCES APPROPRIATED

The fund balances at December 31, 2009 which were appropriated and included as anticipated revenue in the budgets for the year ending December 31, 2010 were as follows:

Current Fund	\$ 1,500,000
Water-Sewer Utility Fund	551,500

NOTE 6. TAXES AND WATER-SEWER CHARGES COLLECTED IN ADVANCE

Taxes and water-sewer charges collected in advance set forth as cash liabilities in the financial statements, are as follows:

	<u>Balance December 31</u>	
	<u>2009</u>	<u>2008</u>
Prepaid Taxes	\$ 920,102	\$ 1,050,799
Prepaid Sewer Rents	-0-	-0-

NOTE 7. ASSESSMENT AND COLLECTION OF PROPERTY TAXES

New Jersey statutes require that taxable valuation of real property be prepared by the Township Tax Assessor as of October 1 in each year and filed with the County Board of Taxation (the "Board") by January 10 of the following year. Upon the filing of certified adopted budgets by the Township, Local School District, Regional High School District and County, the tax rate is struck by the Board based on the certified amounts in each of the taxing districts for collection to fund the budgets. Pursuant to statute, this process is to be completed on or before May 3, with a completed duplicate of the tax rolls to be delivered to the Township Tax Collector (the "Collector") on or before May 13th.

Tax bills are prepared then mailed by the Collector of the Township annually and set forth the final tax for the tax year. The bill contains a credit for preliminary amounts billed previously with the balance payable in equal installments on August 1st and November 1st of the tax year. In addition the property owner receives a preliminary bill for the succeeding year based on one half of the prior year's tax. The preliminary payments are due and payable on February 1st and May 1st. The N.J. Statutes allow a grace period of 10 days for each payment period and the Township granted this option to taxpayers. Taxes become delinquent if not paid on the installment dates and become subject to interest penalties of 8% or 18% of the amount delinquent. If taxes are delinquent on or after April 1st of the succeeding year, the delinquent amount is subject to "Tax Sale" which places a tax lien on the property allowing the holder to enforce the tax lien by collection or foreclosure. New Jersey property tax laws establish a tax lien on real estate as of January 1st of the current tax year even though the amount due is not known.

NOTE 8. DEFERRED CHARGES TO FUTURE TAXATION FUNDED AND UNFUNDED

Upon the authorization of capital projects, the Township establishes deferred charges for the cost of the capital projects to be raised by future taxation. Funded deferred charges relate to permanent debt issued, whereas unfunded deferred charges relate to temporary or non-funding of the authorized cost of capital projects. According to the New Jersey Statutes Annotated 40A:2-4, the Township may levy taxes on all taxable property within the local unit to repay the debt. Annually, the Township raises the debt requirements for the particular year in the current budget. As funds are raised, the deferred charges are reduced.

NOTE 9. DEFERRED CHARGES TO BE RAISED IN SUCCEEDING BUDGETS

As noted in Note 1, certain expenditures are required to be deferred to budgets of succeeding years. At December 31, 2009, the following deferred charges are shown on the balance sheets of the various funds:

	<u>Balance</u> <u>Dec. 31, 2009</u>	<u>2010 Budget</u> <u>Appropriation</u>	<u>Balance to</u> <u>Succeeding</u> <u>Budgets</u>
Current Fund:			
Emergency Authorizations (40A:4-46)	\$ <u>750,000</u>	\$ <u>-0-</u>	\$ <u>750,000</u>
Water-Sewer Utility Capital Fund:			
Unfinanced Costs of Infrastructure Loan Projects	\$ <u>1,250</u>	\$ <u>-0-</u>	\$ <u>1,250</u>

NOTE 10. PENSION PLANS

The Township contributes to two cost-sharing multiple-employer defined benefit pension plans, the Public Employees' Retirement System ("PERS") and the Police and Firemen's Retirement System ("PFRS"), which are administered by the New Jersey Division of Pensions and Benefits. These plans provide retirement, disability, annual cost-of-living adjustments and death benefits to plan members and their beneficiaries. Each plan has a Board of Trustees that implement benefit provisions which are established and amended by State statute. The Division issues a publicly available financial report that includes financial statements and required supplementary information. That report may be obtained by writing to:

State of New Jersey
Division of Pensions and Benefits
P.O. Box 295
Trenton, New Jersey 08625-0295

The contribution requirements of plan members are determined by State statute. Plan members enrolled in the PERS are required to contribute 5.5% of their annual covered salary. Plan members enrolled in the PFRS are required to contribute 8.5% of their annual covered salary. The Township's contributions to the various plans, equal to the required contributions for each year, were as follows:

<u>Year</u>	<u>PERS</u>	<u>PFRS</u>
2009	\$ 381,080	\$ 975,015
2008	319,067	937,958
2007	113,612	528,236

NOTE 11. SCHOOL TAXES

Regional and Local District School Taxes have been raised and liabilities deferred. Section 13 of P.L. 1991, C. 63 required that any municipality that levied school taxes on a school year basis shall defer from the 1991 municipal purposes tax levy at least 25% of the amount allowable to be deferred (which is 50% (fifty percent) of the levy). The remainder of the allowable amount shall be deferred from the levy in each of the next three years (1992-1994). The amounts so deferred shall be regarded as fund balance and shall be used to offset the local property tax levy for local purposes. In 1992 at least 50% of the amount allowable to be deferred from the 1992 tax levy was required to offset the 1993 local property tax levy and the total amount of deferral at December 31, 1993 was 75% of the amount allowable to be deferred based on the 1993 tax levy.

In 1994 Section 13, P.L. 1991, C. 63 was amended to provide municipalities with the option to determine the percentage if any of the amount allowable to be deferred to offset the local property tax levy for local purposes.

NOTE 12. OTHER POST-EMPLOYMENT BENEFITS

Plan Description

The Township contributes to the State Health Benefits Program (“SHBP”), a cost-sharing, multiple-employer defined benefit post-employment healthcare plan administered by the State of New Jersey Division of Pensions. SHBP was established in 1961 under N.J.S.A. 52:14-17.25 et seq., to provide health benefits to State employees, retirees, and their dependents. Rules governing the operation and administration of the program are found in Title 17, Chapter 9 of the New Jersey Administrative Code. SHBP provides medical, prescription drugs, mental health/substance abuse, and Medicare Part B reimbursement to retirees and their covered dependents.

The SHBP was extended to employees, retirees, and dependents of participating local public employers in 1964. Local employers must adopt a resolution to participate in the SHBP. Many years ago, the Township authorized participation in the SHBP’s post-retirement benefit program. The Township adopted the provisions of Chapter 88, P.L. 1974 that provides medical benefits to any employee who has over 25 years of pension service credit.

The State Health Benefits Commission is the executive body established by statute to be responsible for the operation of the SHBP. The State of New Jersey Division of Pensions and Benefits issues a publicly available financial report that includes financial statements and required supplementary information for the SHBP. That report may be obtained by writing to: State of New Jersey Division of Pensions and Benefits, P.O. Box 295, Trenton, NJ 08625-0295 or by visiting their website at www.state.nj.us/treasury/pensions.

NOTE 12. OTHER POST-EMPLOYMENT BENEFITS (CONTINUED)

Funding Policy

Participating employers are contractually required to contribute based on the amount of premiums attributable to their retirees. Post-retirement medical benefits under the plan have been funded on a pay-as-you-go basis since 1994. Prior to 1994, medical benefits were funded on an actuarial basis.

Contributions to pay for health premiums of participating retirees in the SHBP are billed to the Township on a monthly basis.

The Township contributions to SHBP for the years ended December 31, 2009, 2008 and 2007 were \$620,793, \$527,922, and \$598,128, respectively, which equaled the required contributions for each year. There were approximately 50, 48, and 44 retired participants eligible at December 31, 2009, 2008 and 2007, respectively.

NOTE 13. RISK MANAGEMENT

The Township is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The Township is a member of the Ocean County Municipal Joint Insurance Fund, and the Municipal Excess Liability Fund, public entity risk pools currently operating as a common risk management and insurance programs for municipalities within the state. The Township pays an actuarially determined annual assessment to Ocean County Municipal Joint Insurance Fund for its insurance coverage and that of the Municipal Excess Liability Fund. Supplemental assessments may be levied to supplement the funds. The Township has not been notified on any supplemental assessments.

Settled claims resulting from these risks, if any, have not exceeded insurance coverage in any of the past three years.

NOTE 14. CONTINGENT LIABILITIES

State and Federal Financial Assistance

The Township receives financial assistance from the State of New Jersey and the U.S. government in the form of grants. Entitlement to the funds is generally conditional upon compliance with terms and conditions of the financial assistance agreements and applicable regulations, including the expenditure of the funds for eligible purposes. Substantially all grants, entitlements and cost reimbursements are subject to financial and compliance audits by grantors. As a result of these audits, costs previously reimbursed could be disallowed and require repayment to the grantor agency. As of December 31, 2009, the Township estimates that no material liabilities will result from such audits.

Pending Litigation

Township Counsel's letter to the auditor indicated there was no pending or threatened litigation, claims and assessments which was not covered by adequate insurance.

NOTE 14. CONTINGENT LIABILITIES (CONTINUED)

Unasserted Claims and Assessments

With respect to unasserted claims and assessments, there are no threats by various oceanfront homeowners to contest acquisition of oceanfront easements in furtherance of the United States Army Corps of Engineers Shore Replenishment Project. In the event that the Township is forced to proceed with condemnation of oceanfront lands owned by unrelenting owners, the financial impact on Township could be severe. However, the United States Army Corps of Engineers presently is considering reforming their policy to reimburse the Township for any expenditures which may be incurred by the Township as of a result of necessary condemnation practice thereby mitigating the severity of the financial impact.

NOTE 15. INTERFUND RECEIVABLES AND PAYABLES

The following interfund balances remained on the balance sheets at December 31, 2009:

	<u>Interfund Receivable</u>	<u>Interfund Payable</u>
Current Fund	\$ 52,258	\$ 206,669

	<u>\$ 264,840</u>	<u>\$ 264,840</u>

NOTE 16. LENGTH OF SERVICE AWARD PLAN

On November 7, 2006 the voters of the Township of Long Beach approved by public referendum the creation of a Length of Service Award Plan ("LOSAP"). The Township Commissioners had deemed it appropriate, necessary, and in the best interest of the public health, safety, and welfare to act to ensure retention of existing firefighters and emergency medical technicians and to provide incentives for recruiting those volunteer members.

The Township of Long Beach is a non-contiguous; approximately twelve mile long municipality serviced by five volunteer fire companies and three volunteer first aid squads located in adjacent municipalities and is wholly without any volunteer emergency services within its own borders. The provisions of N.J.S.A. 40A:14-183, et seq., and N.J.A.C. 5:30-14.2, et seq., in some respects literally restrict and impact the Township's ability to implement a LOSAP due to its unique circumstance of being serviced by multiple volunteer fire companies and first aid squads located in adjacent municipalities.

NOTE 16. LENGTH OF SERVICE AWARD PLAN (CONTINUED)

In advance of the referendum the State of New Jersey, Department of Community Affairs, Division of Local Government Services, had advised the Township that the State of New Jersey would waive certain literal requirements in order that the Township may proceed to implement a single Township-wide LOSAP that adopts the separate point systems and LOSAP's implemented in the adjacent municipalities for volunteer fire and first aid services. As a result, the Township was authorized to negotiate interlocal service agreements with the Boroughs of Barnegat Light, Beach Haven, Harvey Cedars, Ship Bottom, and Surf City in accordance with and pursuant to the law in order to adopt the point systems of those municipalities and establish the legally required administrative responsibilities for a single Township-wide LOSAP for the Township and the members of the Barnegat Light, Beach Haven, High Point (Harvey Cedars), and Ship Bottom volunteer fire companies in addition to the Surf City Fire and EMS, Barnegat Light First Aid Squad, and Beach Haven Volunteer First Aid Squad. Interlocal service agreements have been executed with all five of the municipalities, the Borough of Beach Haven has yet to enter into an agreement.

The Township shall retain all legal rights, dominion, control, and powers over all decisions of whether to increase the Township's contributions and funding to the single Township-wide LOSAP pursuant to N.J.S.A. 40A:14-185 and all other applicable statutory and administrative code provisions and same shall be reflected and included in all interlocal agreements entered into between the Township of Long Beach and the Boroughs of Barnegat Light, Harvey Cedars, Ship Bottom, Beach Haven, and Surf City.

Unlike the LOSAP's in the adjacent municipalities, all amounts awarded under a length of service award program shall not remain the asset of the Township. Such money shall not be subject to the claims of the Township's general creditors.

As of the audit date, amounts due for 2009, which were paid in 2010, are as follows:

Barnegat Light:	
Firemen	\$12,376
First Aid	-0-
EMT	11,572 *
Beach Haven:	
EMT	-0-
Harvey Cedars:	
Firemen	12,720
Ship Bottom:	
Firemen	12,386
Surf City:	
Firemen and EMS	<u>5,418</u>
Total Contributions	\$ <u>54,472</u>

The total amount due for 2009, which will be due and payable in 2010, was not available as of the date of the audit. Barnegat Light First Aid and Beach Haven EMT amounts due were not available. The above information is presented as reflected in the Township's records.

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING

AND ON COMPLIANCE AND OTHER MATTERS BASED ON

AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN

ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Honorable Mayor and Members
of the Board of Commissioners
Township of Long Beach
County of Ocean
Long Beach, New Jersey

We have audited the financial statements of the Township of Long Beach (the "Township"), as of and for the year ended December 31, 2009, and have issued our report thereon dated September 24, 2010. Our report disclosed that, as described in Note 1 to the regulatory basis financial statements, the Township prepares its financial statements on a basis of accounting prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey (the "Division"), that demonstrates compliance with a modified accrual basis of accounting and the budget laws of the State of New Jersey, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and in accordance with audit requirements prescribed by the Division.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the Township's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements but not for the purpose of expressing an opinion on the effectiveness of the Township's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Township's internal control over financial reporting.

Internal Control Over Financial Reporting (Continued)

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control over financial reporting was for the limited purposes described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies, or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Township's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards* and audit requirements as prescribed by the Division. We noted certain matters that we reported to management of the Township in the comments and recommendations section of this report and in a separate letter dated September 24, 2010.

This report is intended solely for the information and use of the Township's management, the Board of Commissioners, others within the organization, the Division, and federal and state awarding agencies and pass through entities, and is not intended to be and should not be used by anyone other than these specified parties.

REPORT ON COMPLIANCE WITH REQUIREMENTS APPLICABLE TO EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133 AND OMB CIRCULAR 04-04

Honorable Mayor and Members
of the Board of Commissioners
Township of Long Beach
County of Ocean
Long Beach, New Jersey

Compliance

We have audited the compliance of the Township of Long Beach (the "Township"), with the types of compliance requirements described in the U.S. Office of Management and Budget ("OMB") *Circular A-133 Compliance Supplement* and *the New Jersey State Aid/Grant Compliance Supplement* that are applicable to each of its major federal and state programs for the year ended December 31, 2009. The Township's major federal and state programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts, and grants applicable to each of its major federal and state programs is the responsibility of the Township's management. Our responsibility is to express an opinion on the Township's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations* and New Jersey OMB Circular 04-04, *Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid*. Those standards and OMB Circular A-133 and New Jersey OMB Circular 04-04, require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal or state program occurred. An audit includes examining, on a test basis, evidence about the Township's compliance with those requirements and performing such other procedures, as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination of the Township's compliance with those requirements.

In our opinion, the Township complied, in all material respects, with the requirements referred to above that are applicable to each of its major federal and state programs for the year ended December 31, 2009.

Internal Control Over Compliance

The management of the Township is responsible for establishing and maintaining effective internal control over compliance with the requirements of laws, regulations, contracts, and grants applicable to federal and state programs. In planning and performing our audit, we considered the Township's internal control over compliance with requirements that could have a direct and material effect on a major federal or state program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133 and New Jersey OMB Circular 04-04, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Township's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal or state program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal or state program will not be prevented, or detected and corrected, on a timely basis.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be deficiencies, significant deficiencies, or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above.

This report is intended solely for the information and use of the Township's management, others within the organization, the Division of Local Government Services, Department of Community Affairs, State of New Jersey, and federal and state awarding agencies and pass-through entities, and is not intended to be and should not be used by anyone other than these specified parties.

NOTES TO SCHEDULES OF EXPENDITURES OF

FEDERAL AND STATE AWARDS

YEAR ENDED DECEMBER 31, 2009

NOTE 1. BASIS OF PRESENTATION

The accompanying Schedules of Expenditures of Federal and State Awards include grant activity of the Township of Long Beach and are presented on the regulatory basis of accounting (as described in note 1C. of the financial statements). The information in this schedule is presented in accordance with the requirements of OMB Circular A-133, *Audits of States, Local Governments and Non-Profit Organizations*, and New Jersey OMB Circular 04-04, *Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid*.

Expenditures, as reported on the accompanying Schedule of Expenditures of Federal and State Awards, reflect cash disbursements and outstanding encumbrances charged directly to a grant program.

NOTE 2. CATALOG OF FEDERAL DOMESTIC ASSISTANCE (“CFDA”) NUMBERS

The CFDA numbers included in the accompanying SEFA were determined based on the program name, review of grant contract information and the Office of Management and Budget’s Catalog of Federal Domestic Assistance.

NOTE 3. CONTINGENCIES

Each of the cognizant agencies reserves the right to conduct additional audits of the Township’s grant programs. Management does not believe such audits would result in material amounts of disallowed costs.

TOWNSHIP OF LONG BEACH

COUNTY OF OCEAN

PART V

GENERAL COMMENTS AND RECOMMENDATIONS

YEAR ENDED DECEMBER 31, 2009

An audit of the financial accounts and transactions of the Township of Long Beach, in the County of Ocean, for the year ended December 31, 2009, has recently been completed. The results of the audit are herewith set forth.

SCOPE OF AUDIT

The audit covered the financial transactions of the Chief Financial Officer, Tax/Utility Collector, the activities of the Mayor and Commissioners, and the records of the various outside departments.

The audit did not and could not determine the character of services rendered for which payment had been made or for which reserves had been set up, nor could it determine the character, proper price or quantity of materials supplied for which claims had been passed. These details were necessarily covered by the internal review and control before approval of such claims by the governing body.

Cash on hand was counted and cash balances were reconciled with independent certifications obtained directly from the depositories.

The accrued and realized revenues for the various Township Departments as shown on the Statement of Revenues and Schedule of Revenue Accounts Receivable are presented as recorded in the Township records.

All material items of revenue and receipts were established and verified as to source and amount where practical.

GENERAL COMMENTS

Contracts and Agreements Required to be Advertised per N.J.S. 40A:11-4a

N.J.S. 40A:11-4a states "Every contract awarded by the contracting agent for the provision or performance of any goods or services, the cost of which in the aggregate exceeds the bid threshold, shall be awarded only by resolution of the governing body of the contracting unit to the lowest responsible bidder after public advertising for bids and bidding therefor, except as is provided otherwise in this act or specifically by any other law." The amount set forth pursuant to the above statute was \$21,000 for the period audited.

The governing body of the municipality has the responsibility of determining whether the expenditures in any category will exceed the above statutory limitation within the fiscal year. Where questions arise as to whether any contract or agreement might result in violation of the statute the Township Counsel's opinion should be sought before a commitment is made.

The minutes indicate that resolutions were adopted and advertised authorizing the awarding of contracts or agreements for "Professional Services" per N.J.S. 40A:11-5.

Inasmuch as the system of records did not provide for an accumulation of payments for categories for the performance of any work or the furnishing or hiring of any materials or supplies, the results of such an accumulation could not reasonably be ascertained. Disbursements were reviewed, however, to determine whether any clear-cut violations existed.

Contracts and Agreements Required to be Advertised per N.J.S. 40A:11-4a (Continued)

The compliance review of expenditures did not reveal any individual payments or contracts in excess of the statutory limit other than those where bids had been previously sought by public advertisement or where a resolution had been previously adopted under the provisions of N.J.S.A. 40A:11-4.

Change Orders Pursuant to N.J.A.C. 5:30-11.9 et seq.

The Township amended the following contracts, with some contracts in excess of 20 percent for the year ending 2009:

1. Water Main Project - Change Orders 1 and 2 - Mathis Construction
2. N. Beach Pump Station Project - Change Orders 1 and 2 - Mathis Construction
3. Sewer System Improvement Project - Change Orders 1 through 7 - Conti-Haskell Joint Venture

All of the change orders identified above, were properly advertised as required by N.J.A.C. 5:30-11.9.

Contracts or Agreements not Required to be Advertised per N.J.S. 40A:11-6.1

N.J.S. 40A:11-6.1 states "For all contracts that in the aggregate are less than the bid threshold but 15 percent or more of that amount... the contracting agent shall award the contract after soliciting at least two competitive quotations, if practicable."

We conducted a compliance review of the procedures and policies for securing quotations for purchases referred to above which indicated that the procedures were implemented to ensure statutory compliance and that quotes had been solicited as required by the statute.

Collection of Interest on Delinquent Taxes and Water-Sewer Rents

N.J.S. 54:4-67, as amended, provides the method for authorizing interest and the maximum rates to be charged for the nonpayment of taxes, assessments or water-sewer rents on or before the date when they would become delinquent.

The governing body on January 9, 2009 adopted the following resolution authorizing interest to be charged on delinquent taxes, assessments and water-sewer rents:

"BE IT RESOLVED that the governing body of the Township of Long Beach set the rate of interest to be charged on delinquent water and sewer accounts and delinquent taxes at 8% per annum on the first \$1,500 of the delinquency and 18% per annum on any amount in excess of \$1,500 and 6% to be collected against a delinquency in excess of \$10,000 on properties that fail to pay the delinquency prior to the end of the calendar year. A 10 day grace period shall be permitted as provided by N.J.S.A. 54:4-67."

It appears from an examination of the Collector's records that interest was collected in accordance with the foregoing resolution.

Delinquent Taxes and Tax Title Liens

The following comparison is made of the number of tax title liens receivable on December 31 of the last three years.

<u>Year</u>	<u>Number of Liens</u>
2009	1
2008	5
2007	5

Verification of Delinquent Taxes and Other Charges

A test verification of delinquent charges and current payments was made in accordance with the regulations of the Division of Local Government Services, including the mailing of verification notices as follows:

<u>Type</u>	<u>Number Mailed</u>
Payment of 2009 Taxes	25
Payment of 2009 Water-Sewer Utility Rents	25
Delinquent Taxes	10
Delinquent Water-Sewer Utility Rents	10

The results of the test are not yet known, but a separate report will be issued if any irregularities are developed. For those verification notices which were not returned by taxpayers, we examined subsequent cash collections as an alternative procedure where possible.

Miscellaneous

All sums of outstanding checks, reflected in cash reconciliations herein, are in agreement with the records of the Chief Financial Officer, as well as with independent lists made part of this audit.

A report summarizing collections of Dog License Fees and remittance of State Registration Fees has been prepared and filed with the New Jersey Department of Health and the Division of Local Government Services.

A statutory report on the operations of the Municipal Court has been prepared and copies filed with the New Jersey Administrative Office of the Courts, the Division of Local Government Services, the Municipal Court and the Township Clerk.

Individual payments of the Local, Regional and/or Consolidated School District Taxes by the municipality were confirmed as received by the Secretaries of the Boards of Education for the year 2009.

In our verification of expenditures, no attempt was made to establish proof of rendition, character or extent of services nor quantities, nature, propriety of prices or receipt of materials, these elements being left necessarily to internal review in connection with approval of claims.

The propriety of deductions from individual employee salaries for pensions, withholding tax, social security and other purposes was not verified as part of this examination. Remittances to authorized agencies, however, were ascertained.

A summary or synopsis of this report was prepared for publication and filed with the Township Clerk.

FOLLOW-UP OF PRIOR YEAR FINDINGS

In accordance with Government Auditing Standards, our procedures should include a review of all prior year findings. The Township did not have any findings in 2008.

FINDINGS/RECOMMENDATIONS

09-01 Finding - Some vendor invoices predate the purchase order date, which is indicative of the funds not having first been encumbered prior to the purchase of goods or services.

Criteria - The encumbrance accounting system is designed to record charges against amounts appropriated for other expenses as financial obligations are entered into, as opposed to when bills are actually rendered or paid. Under this scenario, the purchase order date will precede the invoice date. A review of Technical Accounting Directive 85-1 should be performed.

Recommendation - That all funds be encumbered prior to the purchase of goods or services in accordance with State Technical Accounting Directives.

09-02 Finding - Petty cash funds were not closed out at year-end.

Criteria - There was a petty cash fund, which remained open at year-end in the current fund. Typically, these funds are returned to the finance office before the end of the year to be deposited in the Townships bank accounts with the accounting system reflecting that the funds were closed out. Then, after January 1 of the subsequent year, the funds would be re-established by the finance department. Although we don't consider this to be material in nature, the standard procedure of closing the accounts prior to year-end should be followed.

Recommendation - That petty cash funds be closed out at or near year-end.

ACKNOWLEDGEMENT

We desire to express our appreciation for the assistance and courtesies rendered by the Township officials and employees during the course of the audit.

The foregoing comments and resultant recommendations are not of sufficient materiality whereby they would affect our ability to express an opinion on the financial statements taken as a whole.

Should any questions arise as to our comments or recommendations, or should you desire assistance in implementing our recommendations, please contact us at your earliest opportunity.
